31	The SWOLF-index: a tool for assessment and prediction of breaststroke swimming performance.	Tom Madou, Peter Iserbyt
32	Value, Content, and Implementation Strategies of Health Education in Chinese Physical Education and Health Curriculum	Haohui Liu, Zhihua Yin, Xue Wan, Jiajun Jiang
33	What elementary students' acquire in peer support netball skill learning? : An Analysis of Children's Drawings	Naho Matsumoto
34	Why is Varied Practice Strategies Important for Teaching in Physical Education?	Tommy Hock Beng Ng, Bernice Li Xian Tan
35	Connotations and Cultivation Paths of Health Literacy Based on Embodied Cognition	Jiang, Jiajun; Liu, Haohui; Yin, Zhihua
36	Integrating Strength and Conditioning Into Physical Fitness Course in Chinese Physical Education and Health Curriculum: Value and Feasibility	Lian, Yuxiao; Liu, Haohui; Yin, Zhihua
37	An Experimental Study on the Influence of "Vitality Campus" Comprehensive Sports Intervention on High School Students' Physical and Mental Health	Ma, Yanmei
38	The Global Landscape of Adolescent Health Promotion: A Bibliometric Analysis	Song, Jian

POSTER SESSIONS 2 - PRESENTERS

(updated on June 30th)

Thursday, 6th July (14:00 - 15:00)

NUM.	TITLE	AUTHORS
1	A Empirical Research on Promoting the Sports Competencies of Exploratory Research on Promoting High School Students' Physical Education Literacy from the Perspective of Family School Community Collaboration	Fenglin Chen, Feifei Li, Lili Lai
2	A study on the construction of information literacy evaluation index system for primary and secondary school physical education teachers	Feifei Li, Xiaozan Wang
3	Accreditation for Sport Management Programs: Perceptions of Educators	AJ Grube, Heidi Grappendorf
4	An experimental study on the effect of intelligent motor intervention on motor ability of infants with motor retardation	Jiayu Zhou, Qinqing XU, Xiaozan Wang, zhenrong Wang
5	An Experimental Study on the Influence of "Vitality Campus" Comprehensive Sports Intervention on High School Students' Physical and Mental Health	Yanmei Ma
6	Analysis of Hispanic Student-Athlete Participation at Hispanic Serving Institutions in NCAA Division I Athletic Programs	Gregory Jason Soukup, David Fike, Randall Griffiths, Erlinda Lopez-Rodriguez, Heather Barton-Weston
7	Investigation on the influence of different sports chemical training experience on basic motor skills	Chenjun Zong, Xiaozan Wang
8	Review on the Application of teaching situations in Physical Education	Chenyu Jia, Zhihua Yin
9	Coach education program for life skills teaching through sport: Focus on coach behavior	Carlos Ewerton Palheta, Michel Milistetd
10	Collaborative coach development initiative in a multisport club: The sports leaders' perceptions	Michel Milistetd
11	Content Analysis of Physical Education-Related Discussion via Bilibili	Yue Xu, Zhihua Yin
12	El saber-hacer en la formación docente en educación física en Argentina	Jacqueline Evelin Fernandez
13	Experimental Study on Effects of 'Micro - exercise' on Pupils' Attention and Performance	Wei Jiang, Fenghui Lei, Qinqing Xu
14	Global Experiential Learning in Kinesiology Programs	Dan Grube, AJ Grube
15	Institucionalidad de la actividad física y factores ambientales en las políticas sudamericanas	Fernando Rodríguez-Bravo
16	Meaningful learning from sports: the representation of knowledge of future physical education teacher	Leonardo Ristow, Ana Flávia Backes, Vinicius Zeilmann Brasil, Valmor Ramos
17	Promoting significant experiences through swimming: a self-study	Aline Suavi Bohn, Leonardo Ristow, Felipe Merisio
18	Preservice Physical Education Teachers' Use of Technologies during Student Teaching: A Case Study	Brooke Doherty, Xiaofen Hamilton, Anlu Yang, Tracey Naumann, Yongshun Wang, Rulan Shangguan
19	Research on the Value Orientation of Interdisciplinary learning of Physical Education and Health Course	Wenwen Chen
20	Research Progress and Future Prospects of Health Literacy in China: Based on the Citespace Visual Analysis	Miaomiao Wen, Zhihua Yin, Xiaorui Wang
21	Socially just?! Exploring PE teaching practices across PE teachers and their students	Franziska Heidrich
22	Study on the Development Characteristics of Fundamental Movement Skills aged 3 ~ 6 in Anhui Province	Fusheng Liang, Jianmei Xu
23	The Application Strategy of Sport Education into PE Interdisciplinary Teaching	Jie Yang, Liping Xu, Zhihua Yin
24	The Association between Physical Exercise and College Students' Life Satisfaction: The Mediating Effect of Self-efficacy and Resilience	Huasen Yu, Xiaozan Wang
25	The Corporal Adventure Practices and their application on Physical Education classes in Birigui/SP, Brazil	Vinicius Felipe Cardoso
26	The Influential Factors and Countermeasures of Tibetan Physical Education Development	Huina Gao, Liqiang Zhang
27	Unlearning and University Physical Education Class Curriculum Development: Practical Research on Tennis Class	Katsuro Kitamura, Dexia Yin
28	讲师	Junxiao Zhang
29	Motor competence pre and post lockdown due to COVID-19 in Chilean schoolchildren	Javiera Parada-Díaz, Javiera Fuentes-Soto, Marlyn Diaz-Vallejos, Daniel Rodriguez-Briceño, Jaime Carcamo-Oyarzun
30	Integrated Teaching Model of "learning, practice, competition and evaluation" in High School Basketball Courses	Ming Zeng, Shanhu Luo, Wenting Zheng, Junxiao Zhang
31	Actual and perceived motor competence in a rural context according to gender and extracurricular sports participation	Paulina Candia-Cabrera, Fernanda Casas-Sotomayor, Carolina Müller, Jaime Carcamo-Oyarzun
32	An experimental study on the effect of traditional old games on Fundamental Motor Skills of children aged 7-8	Qian Mao, Xiaozan Wang, Qinqing Xu
33	Investigation and research on the influence of PE reform of high school entrance Examination on PE teaching of Junior three in Kaifeng City	Xiuxiu Zhang, Qinqing XU, Xiaozan Wang
34	Experimental study of blood indices and exercise intensity in adolescent swimmers during plateau training	Yanen Liang, Junxiao Zhang, Yupeng Shen, Tingsen Xue
35	Experimental study on the effects of KDL sports game course on basic movement skills in children aged 5-6	Yu'ang Niu, Xiaozan Wang, Qinqing Xu
36	Integrating Strength and Conditioning Into Physical Fitness Course in Chinese Physical Education and Health Curriculum: Value and Feasibility	Yuxiao Lian, Haohui Liu, Zhihua Yin
